AND OKANAGAN ORCHARDIST

VOLUME 22.

Kelowna, British Columbia, Thursday, October 29th, 1925

NUMBER 11

IMPROVEMENT IN CITY TAX COLLECTIONS

Percentage Of 1925 Levy Collected Is
90.66 As Against 89.45 Per Cent
In 1924

All the members of the City Council with the exception of Ald. Latta were present at the regular meeting on Monday night.

A letter was received from Mr. H. J. Muskett, Private Secretary to the Lieutenant-Governor, addressed to the Mayor, stating that he had been directed by His Honour to draw attention to International Golden Rule Sunday, which comes this year on Dec. 6th. He explained that the particular event in question had received the endorsement of the League of Nations, of President Coolidge and many prominent British and Canadian citizens. Every Canadian family is asked to partake of a dinner on that date of orphanage fare, the difference in cost to be donated to the work of relief societies, particularly in connection with the feeding of destitute Greek and Armenian refugee children. The Mayor was invited to take the chairmanship of a committee to organize the movement in the community and also to name other suitable citizens to act on the committee.

The matter was laid over, to be taken up later.

The Town Planning bill, a voluminous draft of thirteen pages, being again submitted for review by the Council, it was agreed, upon the suggestion of the Mayor, to give it careful consideration in committee.

Mr. A. McPherson, of Orillia, Ont., wrote enquiring as to the redemption of Lots 9 and 10, Block 12, Plan 1306, in connection with which he had sent a cheque to the City Clerk for \$45 on account of taxes, but the money could not be accepted as the property had gone to tax sale and the redemption period had expired.

The City Clerk was instructed to inform Mr. McPherson that the property would sell the lots for \$20, being approximately the total amount against them to the end of 1925, and to point out that the City could sell the property readily, as it was desirable lakeshore frontage.

The offer of Mr. W. Oliver of \$100 for Lot 29, R.P. 1037, was accepted, and By-Law No. 415 in that regard was given three readings.

Ald. Meikle suggested that, in view of the early withdrawal of the C.N.R. steam shovel and other gravel-moving equipment from the gravel pit at Oyama, an effort be made to get a trainload of the material from there, as it would be of the very best for using as a top dressing with asphalt on the city streets. Major MacLachlan, C.N.R. Divisional Engineer, had stated that it was the very best gravel he had seen anywhere in Canada, as it was so uniform in size.

The suggestion was approved, and the matter was left in the hands of Ald. Meikle.

The Assessor and Collector submitted a statement of tax collections from January 1, 1925, covering the following statistics:

Taxes for 1925	\$ 87,598.07
Arrears	4,815.30
Delinquent	4,989.70
Tax Sale costs and expenses	562.76
Interest	870.69
City Tax Sale purchases redeemed	825.97
City Tax Sale interest	63.71
Individual Tax Sale purchases redeemed	363.05
Total	\$100,089.25

City payments were as follows:—

Taxes for 1924 Tax	\$ 94.94
Sale property unredeemed and Local Improvements on City property	94.94
1925 City Tax Sale purchases	1,623.53
Total	\$ 2,538.47

Payments to credit of City \$97,550.78

The total levy, including Local Improvement taxes for the current year, was \$96,620.24, of which \$87,598.07 has been collected, being 90.66 per cent of the levy for 1925. The total levy in 1924, including Local Improvement taxes, was \$94,492.89, of which \$84,526.24 was collected, being 89.45 per cent of the levy. Tax collections for the year 1925 thus show an improvement of 1.21 per cent over those for the year 1924.

(Continued on page 3.)

LOCARNO SECURITY PACT AS CONCERNS DOMINIONS

LONDON, Oct. 29.—Viscount Burnham, owner of the Daily Telegraph and President of the Imperial Press Conference, addressing a gathering here last night, touched on the question of the effect of the Locarno security pact on the Dominions. Lord Burnham said that nobody had yet defined what would be the international status of the self-governing Dominions if Great Britain were involved in war.

Would the Dominions, he asked, supply arms and ammunition to the enemy and would their harbours be open to enemy ships? On the other hand, would the enemy respect their neutrality?

Even if these questions were settled, Lord Burnham declared, he would not be satisfied that everything was well with the Empire in connection with the Locarno pact.

RT. HON. W. L. MACKENZIE KING, Liberal Leader

FINAL RESULTS OF ELECTION IN DOUBT

CONSERVATIVES MAKE GREAT GAINS AND MAY
HAVE A SMALL MAJORITY OVER ALL
OTHER PARTIES

While this is written after midnight and the final returns by wire for the night have been received, it is still impossible to state anything like the exact result of today's general election. An enormous mass of detail has been received by the C.P.R. Telegraph, but so many of the polls are incomplete that in at least thirty-six seats there is nothing to indicate the final result, while in others outlying polls may change the results as tabulated.

One thing is apparent, that the Conservatives have made enormous gains, while it is not certain whether they will be able to command a clear majority over the Liberals, Progressives, Independents and Labourites combined. The returns that are lacking are chiefly from the prairie provinces, and it is reasonable to suppose that a large share of the remaining seats will go Progressive.

A dramatic feature of the contest is the reported defeat of Premier Mackenzie King in North York, a fate that seems to be shared by at least three other members of his cabinet, Hon. G. P. Graham, Hon. Vincent Massey and Hon. Jas. Murdock.

In British Columbia, Hon. Dr. J. H.

King, Minister of Public Works, has retained his seat in East Kootenay by a respectable majority. Two other Liberals have been elected, one of whom is apparently F. Stork, member for Skeena. Definite particulars as to the other are lacking. The former Liberal member for Fraser Valley, E. A. Munro, lost out to H. J. Barber, Conservative. L. W. Humphrey, Farmer-Labour, West Kootenay, also lost his seat, the winner being W. K. Esling, Conservative. The three Conservative members for Vancouver ridings, Hon. H. H. Stevens, Gen. J. A. Clark and H. J. Lader, were all re-elected, and Hon. Dr. S. F. Tolmie was returned once more for Victoria. The victory of Mr. Grote Stirling in Yale is given in detail elsewhere. A. W. Neill, Independent-Labour, was again returned for his constituency of Comox-Alberni. Particulars of other results in the province are not available.

Rt. Hon. Arthur Meighen seems to have regained his old seat at Portage La Prairie, Man., which he lost in 1921 to Harry Leader, Progressive.

The fate of Robert Forke, Progressive leader, does not appear amongst the telegraphic details.

ANNUAL MEETING OF LADIES' HOSPITAL AID

Substantial Amount Of \$1,192.32 Is
Raised By Society During Past
Twelve Months

The 18th annual general meeting of the Hospital Ladies Aid was held in the Board of Trade Hall on Monday afternoon. The President, Mrs. J. S. MacKenzie, occupying the chair. A good number of members were present.

Addressing the meeting, Mrs. MacKenzie reviewed the work done during the past year, commenting on the much improved attendance at business meetings, but remarking that a much greater number of the women of Kelowna should join in working for the Hospital.

After special votes of thanks had been passed to the Board of Trade for the use of the hall, to the press for the insertion of notices and to the ladies of Glenmore for sewing done, the Secretary, Mrs. Grote Stirling, reported on the activities of the organization, which had included six sewing bees held to make up linen for the Hospital, and enumerated the various means that had been used to raise funds, a masquerade ball, card parties, catering for the irrigation convention banquet, tag days, etc.

The Treasurer, Mrs. A. J. Cameron, also read a report which showed that, including membership and special donations, the substantial sum of \$1,192.32 had been secured during the past twelve months.

The election of officers followed and resulted in the choice falling on the following ladies: President, Mrs. J. S. MacKenzie, by acclamation; 1st Vice-President, Mrs. N. D. McTavish; 2nd

Vice-President, Mrs. H. B. Everard; Secretary, Mrs. Grote Stirling; Treasurer, Mrs. A. J. Cameron; Executive, Mrs. J. W. N. Shepherd; Mrs. J. F. Burne, Mrs. F. A. Taylor, Mrs. E. L. Cross, Mrs. G. A. Fisher and Mrs. M. E. Cameron. A buying committee was also appointed, consisting of Mrs. N. D. McTavish, Mrs. J. F. Burne and Mrs. G. Rowcliffe.

It was decided to hold a house-to-house canvass for new members, and the feeling was generally expressed that many of the women of the city would respond to this personal appeal, the Hospital being an institution of benefit to all, quite irrespective of race or creed, especially as the Hospital Aid did its best to supply the requirements in the way of blankets, linen and other necessities. It was also felt that if all who could do so helped the institution in the same way that a mere handful of women were doing, the supplying of the necessary articles would be a comparatively easy task.

The following were chosen to canvass the city, which was divided into districts and two ladies or more appointed to each: Mrs. G. A. McKay and Miss Reekie; Mrs. W. O. O'Neill and helper; Mrs. D. H. Rattenbury and Mrs. S. M. Simpson; Mrs. G. Rowcliffe, Mrs. A. J. Cameron, Miss Coubrough, Mrs. W. R. Trench and Mrs. H. V. Craig; Mrs. J. W. N. Shepherd, Mrs. J. F. Burne, Mrs. J. Hunt and Miss Hewitson; Mrs. P. B. Willis, Mrs. M. E. Cameron and Mrs. H. B. Everard. Mrs. S. C. Cosens was appointed to canvass the Bankhead district, and it was further decided to publish the names of the new subscribers and members of the organization in The Courier.

CARD OF THANKS

I wish to convey my hearty thanks to all those who have assisted in electing me to the Federal House and also to assure all whom I represent, of both parties, that it will be my endeavour to constantly care for the interests of Yale.

GROTE STIRLING.

CANADA IS FREE OF ANY WEMBLEY LIABILITY

LONDON, Oct. 29.—While the guarantors of the British Empire Exhibition at Wembley are expected to have to find 75 per cent of their guarantee, that is, fifteen shillings for every £1 guaranteed, no liability will attach to Canada in the matter of any deficit in connection with the big show. Canada simply provided for her own part of the exhibition and paid for it practically out of hand; at least, she has involved herself for no further liability than that connected with the Canadian pavilion at Wembley.

LIBERALS HOLD FINAL RALLY OF CAMPAIGN

Hon. A. M. Manson And Dr. K. C. MacDonald Address Meeting In
Empress Theatre

On Wednesday evening the last important Liberal rally of the Federal campaign was held in the Empress Theatre, when addresses were delivered by Hon. A. M. Manson, K.C., Attorney-General of British Columbia, and Dr. K. C. MacDonald, of Vernon, and the gathering, though not as large as others in numbers owing to the inclement weather which kept most people indoors, did not lack in enthusiasm. Mayor D. W. Sutherland occupied the chair and briefly introduced the speakers of the evening, calling on Dr. MacDonald to speak first.

Dr. K. C. MacDonald

After reminding the audience of the campaigns he had himself conducted on behalf of the Liberal party in Yale, Dr. MacDonald referred briefly to the plea made by Premier Mackenzie King at the last by-election for support for his administration, which was endeavouring to carry out policies calculated to establish national unity, remarking that that plea had seemed to him, the speaker, eminently fair at that time and quite as reasonable at the present election. He then took up the question of the controversy at the last election over the non-completion of the Kamloops-Kelowna branch of the C.N.R., and, after quoting freely from speeches made by Premier King and by Rt. Hon. Arthur Meighen, when Premier, argued that the former had kept all the pledges made in connection with construction, while the Conservative chieftain had not acted similarly. The delay in completing the line had not been occasioned by any action of the Liberal administration, but by the Conservative members of the Senate insisting that conferences be first held between representatives of the C.N.R. and C.P.R. systems. Thus three valuable months had been lost. All this went to show that Premier King's policy of reforming the Senate was the right one.

In a very cleverly thought-out and somewhat lengthy address the former member for North Okanagan reviewed the history of the various governments which had held office in Canada in order to prove two points, first, that when actually in office Conservative administrations had not increased the tariff, and, secondly, that it would not be a possibility to greatly increase it without working serious injury on certain sections of the Dominion. Con-

(Continued on Page 8.)

ROBERT FORKE
Progressive Leader

British Columbia's bill for education in the fiscal year 1923-1924 was \$8,196,696, including the cost of the Provincial University. In the same period liquor sales in B.C. amounted to \$11,663,797, and amounts wagered on race tracks in Vancouver and Victoria totalled \$6,307,565. Thus the people of this province spent over nine million dollars more in those twelve months on liquor and track betting than on education.

RT. HON. ARTHUR MEIGHEN, Conservative Leader

STIRLING HOLDS YALE BY HUGE MAJORITY

WITH FORTY-NINE POLLS HEARD FROM OUT OF
SEVENTY-FOUR, CONSERVATIVE CANDIDATE'S
LEAD OVER LIBERAL IS 2,623

The Conservatives of Yale Electoral District are rejoicing tonight, for they have won a great victory for their candidate, Mr. Grote Stirling, piling up a majority by far the largest in the history of the constituency. With forty-nine polls heard from out of a total of seventy-four in the riding, the total vote, subject to correction, of course, stands at 7,021 for Mr. Stirling to 4,398 for Col. C. E. Edgett, Liberal candidate, a majority of 2,623. The twenty-five polls from which no returns have been received up to a late hour tonight include the following:—

North Okanagan Provincial Riding: Ashton Creek, Commonage, Deep Creek, Ewing's Landing, Hilton, Kedleston, Okanagan, Trinity Valley.

South Okanagan Provincial Riding: Faulder-Mineola.

Similkameen Provincial Riding: Al-lenby, Blakeburn, Coalmont, Copper Mountain, Nickel Plate, Tulameen.

Grand Forks-Greenwood Provincial Riding: Beaverdell, Boundary Falls, Brown's Creek, Carmi, Christian Valley, Eholt, Midway, Paulson, Sidley, Westbridge.

While there was an absence of any appearance of excitement, polling was carried on very briskly all day in Kelowna, and the highly satisfactory total of 1,469 votes was recorded, a figure that for the first time on record exceeded the total poll in Vernon, the margin in favour of Kelowna being 54. The sky was overcast all day but neither rain nor snow fell. Cars were much in evidence and supporters of the candidates scurried about to bring in voters from outlying parts of the city. Good humour was the order of the day and if there was any partisan feeling, it was not evident.

The spacious McDonald Garage on Bernard Avenue made an admirable polling-place. Seven polling sub-divisions permitted of rapid handling of ballots and the arrangements worked smoothly. The Deputy Returning Officers in charge were Messrs. F. A. Martin, D. W. Crowley, J. B. Whitehead, J. M. Lawson, G. Matthews, H. C. Reid and F. G. Phelan, with Messrs. A. Lumsden, C. A. Hill, R. Seale, G. DeHart, J. Mitchell, R. C. Sutton and V. DeHart as Poll Clerks.

When sufficient returns had been received to put Mr. Stirling's election beyond any shadow of doubt, he was given a great ovation in the Conservative Committee Rooms by his supporters, and he returned thanks in a neat and very modest little speech, in which he ascribed his victory to the splendid efforts of his supporters rather than to any personal merits of his own.

A full service of election bulletins was received by the C.P.R. Telegraph, and results were posted in the party committee rooms and were also screened in the Empress Theatre, the returns being followed with keen interest by large numbers at all those places.

BALLOTS FOR ST. JOHN-ALBERT WRONGLY PRINTED

ST. JOHN, N.B., Oct. 29.—Some five or ten thousand official ballots for today's election in St. John-Albert bear the name of Hon. W. E. Foster, Secretary of State in the King government and Liberal candidate in this constituency, incorrectly printed. In those ballots he is named "Robert" instead of "Walter." The ballots are part of a fifty-four thousand order printed by a local firm for the Returning Officer, J. C. Berrie, the Returning Officer, sent word to all the deputies in the 154 polling booths, notifying them not to use the misprinted ballots.

MITCHELL'S PLEA OF IMMUNITY IS OVERRULED

WASHINGTON, Oct. 29.—Col. William Mitchell's plea of immunity from military trial of the charges pending against him was overruled today in the general court-martial proceedings against him. The law officer of the court ruled that, when Col. Mitchell charged War and Navy Department officials with "criminal and almost treasonable conduct" in administering the air services, he committed an offence against military discipline. It was ruled that Mitchell could not take refuge from punishment in the constitutional guarantee of free speech, as he had sought to do.

ADMIRAL KEYES HURT IN AIRPLANE ACCIDENT

MALTA, Oct. 29.—Vice-Admiral Sir Roger Keyes, commander-in-chief of the British Mediterranean fleet, was slightly injured yesterday while riding in an airplane.

TEACHERS OF OKANAGAN IN CONVENTION

Sessions Of Annual Gathering, Held
Here Last Week, Occupy Two
Profitable Days

The annual convention of the Okanagan Valley Teachers' Association, which was held in the auditorium of the Public School last Thursday and Friday, was exceptionally well attended, approximately ninety per cent of the teaching staffs of the district being present. It was also a very important gathering from an educational point of view, as the debates all pointed to the fact that the many teachers present were not simply banded together in order to protect their personal or collective interests but were imbued with the idea of rendering more efficient service to the public. The question of their salaries was not even once mentioned, but how best to forward the usefulness of their calling and how new methods could be adopted which might lead to increased efficiency were matters of serious debate. Taking it from all points of view, and especially that of the welfare, education and up-bringing of the children entrusted to the care of the teaching staffs of the High and Public Schools of the Valley, the convention was, without question, the most important one yet held in the Okanagan.

Many of those who attended the gathering arrived in the city on Thursday morning and in the afternoon the registration of those in attendance was quickly proceeded with. At 2 p.m., in the presence of about one hundred people, the proceedings were opened by prayer being offered up by the Rev. C. E. Davis and the singing of "O Canada," after which Mr. C. W. Lees, Principal of the Kelowna Public School and retiring President of the Association, gave an exceptionally well thought-out address on the subject "Is Teaching a Profession?"

The Importance Of Educational Work

Drawing a comparison between the importance of teachers, lawyers, medical men, clergymen and others, Mr. Lees spoke at length on the qualifications considered necessary in each of these professions and callings. He commented on the fact that physicians had to go through a six-year course before they could qualify; that a practising barrister and solicitor had to pay several large fees, incur expenses of various kinds and study several years before passing the necessary preliminary, intermediate and final examinations, which would entitle him to hang out his shingle, to say nothing of, in most instances, having to wait several years before he could secure a paying client.

(Continued on Page 4)

ACTIVITIES OF THE BOARD OF TRADE

Executive Council Has Been Meeting
Weekly—General Meetings To
Be Resumed Next Month

With the heaviest pressure of the packing season over and the general election out of the way, the Kelowna Board of Trade will resume the holding of general meetings in November. While it is several months since a general meeting was held, the Executive Council has been meeting weekly and has been occupied in particular with an endeavour to obtain some definite promise from the Minister of Public Works in regard to completion of the work commenced in 1924 upon the Kelowna-Naramata-Penticton road. This undertaking is considered to be one of the most vital importance at the present time in view of the finishing next June of construction of the main highway through the Fraser Canyon, which will permit motor tourists to make the circuit from Vancouver via Kamloops, the Okanagan Valley and through Washington back to the Coast. In connection with the new road through the Fraser Canyon, the Board has forwarded a resolution to the Minister of Public Works asking that it be named the "Cariboo Highway," and pointing out in support of the request that the historical associations of that name should be capitalized as an added attraction to tourists. It would appear, however, that there is a difference of opinion on this matter and that some are advocating "Fraser Canyon Highway" as a title.

Another question that has received considerable attention by the Board is that of the resuscitation of the tobacco growing industry in the Okanagan. The progress made is most encouraging, and it is anticipated that before next spring arrives some definite knowledge will be in the hands of the Board as to what varieties can be grown here with good prospects of commercial success. It is to be noted, however, in this connection, that some of the samples of tobacco grown here during the past season will not be submitted to brokers and manufacturers until the winter of 1926-7, as, from information received from Mr. C. M. Slagg, of the Tobacco Division at Ottawa, it would appear that it will require twelve months to cure and put into proper condition some of the varieties tried out. It is probable, however, that the samples of Green River and White Burley will be cured this winter and that growers will have some definite information in regard to them.

Many enquiries with regard to the city and district from people who propose to move from their present locations are being received by the Secretary, and from definite word already received it would seem that Kelowna will see a steady influx of population in the coming year.

ASSOCIATED GROWERS OF B. C. LTD.
 VERNON, B. C.

6-6c

In the course of his campaign for establishment of standard retail prices upon trade-marked articles, Mr. J. T. Crowder, Dominion President of the Retail Merchants' Association of Canada, met with a very enthusiastic reception at Kimberly, the new and bustling mining town in East Kootenay. His project received hearty approval by the business men, and committees were appointed to organize the whole district in its favour immediately.

The pastor, who was fond of figures of speech, was making a funeral oration. He began his address, "Friends, we have here only the shell of the man, the nut is gone."

**BOY SCOUT COLUMN**

1st Kelowna Troop

Troop First! Self Last!

Edited by "Pioneer."

October 27th, 1925.

Orders for week ending November 5th, 1925:

Duties: Orderly Patrol for week, Otters; next for duty, Cougars.

Rallies: The combined Troop will rally at the Scout Hall on Monday, November 2nd, at 7.15 p.m., and as this is the first meeting of the month full uniforms must be worn. There will also be a Court of Honour at which all Scouts who have been absent for two consecutive rallies are required to appear and give satisfactory reasons or else their names will be struck-off the strength.

At the Rally on Monday last there was one absent Scout, none late, the P.-L.s were all there on time and there were two absent Seconds but none late. Four Scouts were absent and one late. The P.-L. of the Beavers led in the mile at Scout's pace and was the first to bring in the Troop within the thirty second leeway allowed, being only twenty-seven seconds over the twelve minutes. The Cougars scored like fiends in their Patrol basketball match against the Otters and ran up twenty-five points to the latter's four. About five minutes more time was played, however, over the usual fifteen minutes, but it was a very good score.

Census returns have been forwarded by Provincial Headquarters to all Packs and Troops in the Province, and it is obligatory to complete these and return them by the 15th of November. We trust that in our District there will be no tardiness in sending forward these returns.

The following letter has also been received by the District Commissioner from Provincial Headquarters and all Wolf Cub Packs in the District will please direct themselves accordingly, with the exception that, as far as the 1st Kelowna Troop and two Kelowna Packs are concerned, we have written to our own local arrangement as to making no transfers in the middle of the term be allowed to continue. The letter follows:

"It is most advisable that all Cubs when they reach the age of 12 shall 'go up' into the Scouts, and we hope that this policy will be strictly adhered to in all centres.

"It is expected that every Cub will do his best to gain the Second Scout age; but failure to gain this badge should not prevent or delay his transfer to the Troop.

"During the last visit of the Chief Scout to British Columbia, he expressed considerable surprise when he saw several Cubs who gave their ages as over 12."

**1ST RUTLAND TROOP**

"Do A Good Turn Daily"

Rutland, B.C.

Oct. 26th, 1925.

Orders for the week of November 1st to 7th: The Troop will parade in the School basement on Friday at 7.30 p.m. sharp.

Duty Patrol: Seals.

The Kangaroo patrol gained most points for attendance at last Friday's meeting, the Seals being the lowest. Neither of the A.S.M.s were, unfortunately, able to attend but Rover-Mate S. Stafford was present and assisted the S.M. The programme consisted of physical drill and a game, followed by test work in groups, the Rover-Mate taking recruits in knot-tying, T.L. Claxton taking a group of Tenderfoot Scouts in 2nd Class First Aid, while the 2nd Class Scouts, under P.L. F. Meek, worked at the 1st Class Accident tests. Another recruit was added to the strength of the Troop in James Claxton, brother of the Troop Leader. Recruit Claxton was posted to the Kangaroo Patrol. Pioneer and Swimmer proficiency badges were presented to P.L. Fred Meek, and Tenderfoot badges to Scouts G. Harrison and K. Bond. The meeting closed with the Scout Yell.

Tests passed recently have been: Fire-lighting, Scout G. Harrison (Fox Patrol) before the S.M. 1st Class Accident test, P.L. F. Meek and Second W. Hastings, both of the Fox Patrol, Mr. E. T. Money kindly acting as examiner.

Patrol Competition standing is now as follows:

Patrol	Points
Foxes	247
Kangaroos	180
Seals	100

Pathfinder's Badge. The present season is an ideal one for obtaining this badge. Every Scout should endeavour

**DR. LUTHER**

German Chancellor, who, with M. Briand, French minister, held the celebrated "man to man" talk in a little Swiss village near Locarno.

to possess this badge, not only because it is a difficult one to get and for the credit that goes with obtaining it, but also because a thorough knowledge of the district such as is required by the tests will be of great use to the Scout himself and will enable him to perform useful service to others. The examiner for this badge is Mr. E. Muggford, superintendent of the B. M. Irrigation District.

Armistice Day. As has been the custom for some years past a memorial service will be held at the school on Nov. 11th. The arrangements are in the hands of the executive of the local Boy Scout Association and details will be available next week. We sincerely hope that the weather will be more favourable this year than last so that the service may be held out-of-doors in the vicinity of the war memorial.

A. W. GRAY,

Scoutmaster.

WOLF CUB NOTES

1st Kelowna Pack

Next parade, Wednesday, November 11th. No parade next week.

Football match on Saturday, if weather permits.

C. E. DAVIS, C.M.

"JUST DIFFERENT" BAKED APPLES

In most localities apples are abundant at practically all seasons, but they are inclined to be better at this particular time of the year. Perhaps no one fruit lends itself to serving in more varied ways and a baked apple doesn't necessarily mean the usual kind that is served at breakfast. Baked apples filled with tempting dainties would never fail to make an appeal as dessert. Select six large firm, tart apples, core and pare them about one-third of the way down from the stem end. Place them with the peeled surface upward in a deep enamelled ware dish, the vitreous, porcelain-like surface of which makes it perfect for this use. Make a syrup of one cupful of sugar and one and one-half cupfuls of water boiled together for six minutes. Squeeze some lemon juice over the peeled part of the apples, pour the syrup over them and bake in a moderate oven for ten minutes. Then remove from the oven and fill the cavities with a mixture made of chopped dates and raisins which have been mixed with cinnamon and marsh-mallow. Return to the oven for thirty-five minutes and baste occasionally.

GRAIN MOVEMENT IS VERY HEAVY

Exports Via Vancouver Increase Enormously

One hundred trainloads of sixty grain cars each, stretching in the aggregate over fifty miles; would be required to handle the week's loadings of grain at Canadian National Railways points in the three prairie provinces, according to grain statistics covering the movement from October 2 to October 8 inclusive. Despite the almost total cessation of threshing during this period, a total of 6,334 cars, containing 8,549,000 bushels of grain, were loaded at C.N.R. points during the period.

**POPPY DAY!
SATURDAY
NOVEMBER 7**

10-3c

iod, this being almost fifty per cent of an increase over the loadings for the same period of 1924. In the corresponding week of 1923, with good weather prevailing, loadings were about one thousand cars more than this year.

One of the features of the 1925 movement is the increase of 200 per cent over 1924 figures in the deliveries of Western grain to Vancouver by Canadian National, while the increase by this route over 1923 is nearly 950 cars, or 900 per cent.

NOVEMBER ISSUE OF "ROD AND GUN"

The Kennel Department of the November issue of "Rod and Gun," the Canadian hunting magazine, contains a notable feature in an article on the Canadian field trials of bird dogs from the pen of A. F. Hochwalt, who may be said to be the greatest field trial authority on the American continent. The winter feature "Along the Trap Line," edited by M. U. Bates, commences its season in this month's issue and contains a full synopsis of the trapping laws for the season 1925-26 all through the Dominion.

The first of a series of splendid cartoons on the humorous side of outdoor life, by the famous James Frise of Birdseye Centre fame, is also a good new feature.

The November issue might be called a hunters' number from the amount of hunting interest it contains. An "Old Timer's Story of Hunting in the Rockies" is a real old timer's yarn, written in a care free style that marks the man of the open and interests his fellows. In "Breezes from the West," A. Bryan Williams, the well known B. C. sportsman, strikes the same note that is felt in all the stories and regular features of the magazine.

ALEXANDER KERENSKY

The Russian leader who became premier at the first revolution and overthrow of the monarchy in Russia, and who is now reported as about to throw in his lot with the Royalists in Paris as a supporter of Archduke Nicholas, claimant to the Russian throne.

TWENTY YEARS AGO

(From the files of "The Kelowna Clarion")

Thursday, October 26, 1905

"L. Holman exported several tons of tobacco last week."

"The Council have decided to make a grant of \$500 towards the Cottage Hospital fund."

"A hunting party consisting of Dr. Knox, F. Fraser, G. Harvey, T. Leader and G. Mappin, with L. Gillard as guide, left on Sunday for L. Holman's ranch, where they will spend a week hunting for caribou, bear and other game."

"Geo. Meikle, G. Rowcliffe and J. Rowcliffe left on Monday for the haunts of the bear and deer. They expected to be away about a week but they returned earlier than they had intended, as a heavy rain had melted the snow, making the tracking of game impossible."

"Geo. Rose, one of Kelowna's old boys who has been away for several years, spent a few days in town recently, visiting his brother Hugh. He returned to his home in Cascade yesterday, but will shortly return, as he has purchased the Clarion, which in the meantime, will be managed by R. H. Spedding."

"The iron hand of the law is going to come down with a thud on the shoulders of some of the destructive youths of this town one of these days; then there will be weeping and wailing in the land. As was mentioned before in the columns, the people of Kelowna would tolerate a certain amount of nonsense from the boys—they were young themselves once—but when it comes to tearing down signs and other depredations of a like nature, they are going to call a halt and probe into the matter, and the first guilty one they catch will be hauled before the bench to give an account of his doings."

While Kelowna rejoices in her recently acquired all-rail connection with the outside world, twenty years ago the town seemed to be assured of getting on the railway map by another route. The following quotation refers to the Midway & Vernon Railway enterprise, which actually got so far as completion of the first ten miles of grade out of the work of constructing the whole line will not take more than eighteen months, if no hitch occurs."

"W. J. Bassett, chief engineer of the survey party now working from the summit towards Vernon, was in town part of Wednesday and Thursday hunting up a cook. Mr. Bassett has eight men under him and is pushing the engineering work, which he hopes to complete this winter."

"Asked if he had any idea as to how close the line would come to Kelowna, he stated that it would be impossible to tell until the ground has been surveyed."

"About ten miles of road is now under construction and a contract will shortly be let for the building of another fifty miles. It is expected that the work of constructing the whole line will not take more than eighteen months, if no hitch occurs."

There must have been some inkling of trouble in the offing when the last four words were written, and the hitch came all right, greatly to the disappointment of the whole district which the projected line was to serve."

"A game of football between the Benchland Blinks and the Kelowna Scrubs was played before a large crowd of spectators yesterday and resulted in the Blinks being licked to a finish. One of the notable features of the game was the absence of captains or referees and the result was favourable, as the players could settle disputes in a gentlemanly manner without fear of public exposure and disgrace."

"After the game, which resulted in a score of 2 to 1 in favour of the Scrubs, the combatants retired to the nearest hostelry, where refreshments were liberally served and as the flagging spirits of the vanquished revived their courage returned and they challenged the Scrubs to another game in which they promise to do all kinds of cruel things to them."

"The gate receipts were not large, as no one came through the gate, preferring the indignity of climbing the fence with Siwash to the disbursement of two bits. However, next game no leniency will be shown; every one will have to ante up or the Hospital Fund will not be greatly increased."

The part of the automobile which causes more accidents than any other is the nut that holds the steering wheel. —The Buzzer.

BETTER COAL FOR LESS MONEY

LETTERS TO THE EDITOR

POLICE COURT NEWS

Glenmore,
Oct. 27, 1925.

The Editor,
Kelowna Courier.

Dear Sir,

In your last issue you have a news item stating that a Glenmore resident was fined for being drunk in the city of Kelowna.

On behalf of the Glenmore District and Glenmore residents, I wish to take exception to this misleading statement of news.

The man described to you as a Glenmore resident is only a floating laborer employed on construction work.

As the subject of this letter was technically a Glenmore resident at the time of the occurrence, I would not have had to write this letter if you had stated his name, so that those reading the item would have known that he was not a resident ratepayer; but for some reason, which the general public is unable to fathom, you regularly avoid giving names in police court news.

Yours respectfully,
J. N. CUSHING, Reeve.

(EDITORIAL NOTE.—The above is a sample of the criticism of one sort or another that falls to the lot of a rural newspaper in trying to carry out its function as a news medium.

The item referred to read as follows: "On Monday, in the City Police Court, a Glenmore resident pleaded guilty to having been found drunk within the city limits at 1.30 a.m. on the previous Saturday, and was fined \$25 and \$2.50 costs."

While Mr. Cushing states that the culprit in question was "technically a Glenmore resident at the time of the occurrence," The Courier is blamed for describing him as such, because he was not a permanent resident. Such items are obtained direct from the city police authorities, and they described the man as a Glenmore resident because in answer to the customary questioning, he gave his place of abode as in that district. The Courier is not personally acquainted with every man, woman and child in the Glenmore district, any more than in the Ellison, Rutland, East Kelowna, Okanagan Mission or Kelowna City districts, and is not in a position to differentiate between permanent and transient residents.

As to why names are not given in the police court news published in The Courier, save in a few exceptional cases, it is simply a matter of humanitarian policy. Cases should be reported and convictions recorded as a deterrent to wrongdoing and in fairness to the police, who otherwise would be subjected to a larger measure than usual of the loosely made charge of neglect of duty if the prosecutions they carry out were never made public, but the innocent are punished by publication of the name of a culprit and undeserved humiliation is brought upon wife, children, other relatives and friends.

Many rural weeklies do not publish police court items at all—the Vernon News is an example—others follow the same policy as The Courier, and give the results of cases without the names of the accused, while very few indeed make the names public. The News was subjected to criticism upon the matter by a letter from a reader a few

months ago, and Mr. L. J. Ball, President of the Canadian Weekly Newspapers Association, then editor of the Vernon journal, made an able defence in its columns of his practice of ignoring the police court as a source of news. The subject has been discussed by the weekly publishers of Canada so recently as their annual convention held at Winnipeg in June, and no general consensus of opinion was reached, as to the best policy to be followed, each of the courses mentioned having its earnest supporters.)

THOSE WHO SEARCHED FOR MISSING LAD

Kelowna, B.C., Oct. 27, 1925.

The Editor,
Kelowna Courier.

Dear Sir,

Having read an article in last week's Courier regarding the search for my son, and finding names left out who worked so hard, also being questioned for particulars by a number of persons, I would be much obliged if you would kindly publish the following particulars.

My son Charlie lost his bearings Tuesday about 11 a.m., firing signals to that effect (three rifle shots). Messrs. R. and S. Turner, who were also of the party out hunting, hearing the signals, went to his aid. They searched all that day, also all night, but could not locate him as he kept travelling. The next day they returned to camp, and we decided it would be best to get help at once. They returned to search and I motored to the Belgo Ranch and phoned Mr. E. C. Weddell and Mr. Spurrier, requesting Mr. Spurrier to go first to Mr. Jack Cameron, knowing there was one man I could count on. Mr. J. Cameron as soon as he got word threw down his tools, got his car, and got to work. Mr. L. Clark of Winfield, who was in Mr. Cameron's shop, at once volunteered to go, coming in Mr. Cameron's car with Game Warden Sullivan and myself. Dr. Wright cancelled all arrangements with his patients and took his car, bringing Mr. Hugh Kennedy and Mr. A. Rankin. Mr. Felix Casorso took his car, bringing Mr. Dave McDougall.

Now, Mr. Editor, the bigness of the action of these men will be recognized when it is known that though the sun was about setting by the time they arrived at the dam, they were all determined to go out into that second Hades and search all night for my son. Fortunately my son found his way to camp about half an hour before the first car arrived at the dam.

Thanking you, Mr. Editor, for this space.

Yours truly,
W. CHAMBERLAIN.

According to a recent statement of the Provincial Inspector of Municipalities, the difficulties which municipal governments in B.C. had to meet since the war have been successfully surmounted and all municipalities in this province are in good shape financially.

Local and Personal

Mr. F. V. Royle went to the Coast on Sunday.

Mr. A. P. Bennett, of Vernon, spent yesterday in the city.

Mrs. F. H. Keane, of Penticton, is staying at the Palace.

Mr. and Mrs. Prickard, of Oyama, spent the week-end here.

Mr. J. B. Hawkes, of Peachland, is registered at the Lakeview.

Mr. and Mrs. J. Kitson, of Victoria, are staying at the Lakeview.

Mr. E. D. Watts, of Vernon, paid the city a visit on Tuesday.

Mr. W. G. Smith, of Merritt, is a recent arrival at the Lakeview.

Mr. and Mrs. S. J. Smith, of Hedley, were visitors here on Friday and Saturday.

Mr. and Mrs. Winfred Minto, of London, England, are visitors to the city.

Mr. D. Leckie returned on Tuesday from a trip to Manitoba and Saskatchewan.

Mr. F. Beaumont, of Victoria, who was a guest at the Lakeview, went to Vernon on Monday.

Mrs. G. Royle, who was confined to her residence through sickness, is making a rapid recovery.

Mrs. C. H. Geen returned on Saturday from Reston, Man., where she had been visiting her son.

Mr. F. J. Thorne and son are new arrivals from England and are registered at the Lakeview.

Mr. and Mrs. E. P. Martin, of Ashcroft, who were at the Lakeview, motored home on Saturday.

Mr. and Mrs. E. E. Gibson, of Penticton, paid the city a visit on Friday, returning home the next day.

The local broadcasting station, 10AY, will resume regular Sunday broadcasts at 4 p.m., commencing next Sunday.

We are glad to state that the condition of Mrs. B. E. Shaylor, who has been seriously ill, has much improved.

The work of clearing off the C.N.R. station site was commenced on Tuesday, five teams with scrapers being employed.

There were eleven cars of canned goods shipped from the city last week as against eight during the same week in 1924.

Col. G. W. G. Lindesay left on Saturday for England. He sails on Oct. 30th from Quebec for Liverpool on s.s. "Montclair."

Mr. and Mrs. F. M. Buckland returned home from the Coast on Monday, making the journey in a new Willys-Knight touring car.

Mr. H. Anderson returned home from Alberta on Monday. He reports very bad weather conditions in the section of country he was in.

Mr. A. E. Nelson, of Summerland, was a visitor here on Friday on his way to the upper Kamloops district, where he will hunt for a few weeks.

Many friends will be glad to hear that Edward McClure, who received painful injuries from a fall from his horse last Thursday, is recovering rapidly.

Mrs. E. Chamberlain returned home yesterday from Penticton, where Mr. Chamberlain is at present employed in building the new Fire Hall for that municipality.

We are glad to state that Mr. W. O'Neill, manager of the Kelowna Growers' Exchange, who was confined to his home by tonsillitis, is now almost completely recovered.

Mr. W. E. W. Mitchell and son Douglas, former residents of the city, are sailing from England tomorrow and will stay a short time in this district on their way to New Zealand. Mrs. Mitchell is remaining in the Old Country.

There was a good attendance of members at the regular monthly meeting of the Kelowna Women's Institute held on Wednesday afternoon, at which plans were made for the Thanksgiving dinner which the Institute is giving on Nov. 7th.

On Saturday afternoon an interesting contest was pulled off on Pendozi St. South, between the local boys' and girls' bicycle clubs, each of which backed a member in a race of about quarter of a mile. The boys' champion won the race by a few yards and was presented with the prize competed for, a silver dish.

Mr. A. J. Mann, Assistant Superintendent of the Summerland Experimental Station, was in the city this week in order to look over the tobacco in the local tobacco shed, which he found to be in first-class condition. He states that as soon as the weather is favourable for casing the tobacco will be stripped here.

The Occidental Fruit Company is still shipping apples and vegetables, mostly onions and cabbage, to prairie points, and apples to both Coast points and Great Britain, as well as four cars of canned goods weekly to the domestic market. The company is placing large quantities of onions and potatoes into storage.

Mrs. George Rathwell, Grenfell Ave., was hostess last Saturday at a very pleasant party at which a miscellaneous shower of gifts was presented to Miss Agnes E. Coulter, whose approaching marriage has been announced. The rooms were very artistically decorated with autumn blossoms and foliage and a dainty tea was served at which Miss K. Fullerton and Miss E. Patterson assisted. Miss Coulter was the recipient of the congratulations of all present and the gifts given her were both useful and ornamental, including several of exceptionally artistic nature.

The Occidental packing house closed on Friday. Packing is still being carried on, however, at the branch houses of the Occidental Fruit Company, with the exception of the East Kelowna packing house, where packing has also been completed.

The Rutland cannery closed for the season last Thursday and it is expected that the Okanagan Packers will stop packing at Rutland at the end of this week. The company reports having had a very busy and successful season. It is shipping canned goods and fruit and vegetables by both the C.P.R. and C.N.R.

On Tuesday afternoon the lady members of the Kelowna Golf Club had a very enjoyable play. The wind, however, was responsible for some very large scores being made in the second round. The captain had arranged the "hidden holes" competition, the winner of which was Mrs. H. B. Everard, who received an Indian brass comfort.

The East Kelowna, Glenmore, Okanagan Mission and South Kelowna packing houses of the Kelowna Growers' Exchange are still running, but, with the exception of the East Kelowna house, where there are enough apples to keep packers busy for ten days, will close down at the end of this week. There are still about thirty thousand boxes of apples to be packed in the main packing house in the city.

As an example of the utter carelessness of certain hunters may be cited the fact that a rifle shot was fired on Sunday which broke a window and entered a room at the home of Mr. E. B. (Lish) Monford, Rutland. The bullet went through a curtain and then fell on the floor. Mr. and Mrs. Monford were away from home at the time, but it is easy to imagine that a serious accident might have resulted had this not been the case.

Miss Jennie Carr, whose marriage took place this morning and who has been the guest of Mr. and Mrs. John Conlin, Vernon Road, for the past two weeks, was honoured by her friends with a miscellaneous shower on Monday night. Some twenty ladies were present and the evening was passed very pleasantly with games and music. Miss Carr received many beautiful and useful gifts and was assured of the good wishes of all for her future happiness.

Snow in October is an uncommon occurrence in the Kelowna district, and it was a disagreeable experience for residents to wake up on Wednesday morning and find that about four inches of wet snow, some of which had already thawed, had fallen during the night. It continued to snow intermittently during the day, but the white mantle melted rapidly and much of it has already disappeared. The precipitation, which ordinarily would have been rain, was caused by a drop in temperature following continued cold winds on Saturday and at the beginning of the week. It is interesting to recall that a similar early visitation twenty years ago was followed by a very mild and open winter.

OBITUARY

Mr. William Henry Paisley

We regret to have to record the demise of an old-time resident of the city, Mr. William Henry Paisley, who passed away at noon on Tuesday at his residence on Burne Avenue. For two months past he had been suffering from jaundice, but his sudden death, due to hemorrhage, came as a great shock to his family and friends.

Mr. Paisley was a native of Glasgow, Scotland, came to Canada twenty years ago, and resided in this city for the past fifteen years, carrying on a teaming and trucking business during the greater portion of that period. He was fifty years and nine months of age, and leaves to mourn his loss, resident here, his widow, Mrs. Barbara McClindle Paisley, three daughters, Jessie, Jean and Patricia, a sister, Mrs. M. E. Jones, and a nephew, Mr. T. Jones.

An active member of the Orange Order, Mr. Paisley held a prominent position in the local lodge, York Lodge, No. 1870, and the funeral arrangements were entrusted to that organization. The service was conducted at the family residence this afternoon by the Rev. A. MacLurg and was attended by a great number of the friends of the family and his fellow Orangemen. Interment was at the Kelowna cemetery.

G. W. V. A.

On Friday, Oct. 30th, the members of the G.W.V.A. will be hosts to the Kelowna Cricket League, consisting of the clubs of the city and district. Members are urged to turn out in full force, as a most attractive programme has been arranged and a very enjoyable time is anticipated.

Arrangements are well in hand for the activities in connection with Poppy Day, the Armistice Memorial Service, and the Armistice Dance, full particulars of which will be found in the advertising columns of this journal.

In connection with the Memorial Service, it is of special interest to note that the Rev. W. Graham Brown has consented to give the address. Mr. Graham Brown has not been actively engaged in ministerial work for some years, but he is a deeply and well read man and his discourse will be looked forward to with keen interest.

10-3c

WINFIELD

Mrs. Wm. Stratton arrived at home on Friday last, accompanied by a brand new baby daughter.

Miss Myrtle Lidstone has returned to her home at Grindrod, after spending the season here with her sister, Mrs. V. R. McDonough.

Mr. F. H. Keane and son, of Penticton, came up on Friday to complete the season's work on their Winfield orchard. They have recently acquired the ten acre orchard directly to the south of their present holding, and are engaged in removing trees of unprofitable varieties preparatory to replanting. A huge ten ton tractor is being used to pull the stumps and is a source of great interest to the entire neighborhood, as it can pull as many as ten stumps in three and a half minutes.

Mr. McLarty, of the Dominion Experimental Farm, was a visitor to the district on Tuesday in connection with some experimental work being carried on in the orchard of Mr. W. J. Coe.

Mr. Fred Morgan returned on Wednesday from a week's visit in Armstrong and vicinity.

The meeting of the Water Users' Association held on Friday morning, Oct. 23rd, was well attended, and their solicitor, Mr. T. Norris, of Kelowna, gave a report of proceedings of the inquiry at Victoria in August last, and notified them of the adjournment of the hearing to Winfield early in the new year. A resolution supporting the Committee and re-affirming the appointment of Mr. Norris as solicitor was carried, and the meeting adjourned.

A lantern lecture was given in the Community Hall on Sunday evening, at 7 p.m., by the Rev. A. W. Rodway, of Winnipeg. It was well attended, and proved to be very interesting. Mr. Rodway also addressed the Sunday School in the afternoon.

An event of great interest to the community took place on Saturday morning, when Miss Eva Coe became the bride of Mr. John Seaton. The ceremony was performed by the Rev. Mr. Despard, of Oyama, in the presence of immediate relatives, and the happy couple left later in the day on a motor tour.

The regular meeting of the Ladies' Aid of the Union Church was held at the home of Mrs. Petrie on Thursday last. A good turnout of members marked the beginning of the busy season for church workers.

The regular meeting of the Woods Lake Women's Institute will be held on Thursday, Nov. 5th, and it is hoped that members will attend in full force as there is a great deal of work to be completed before the end of the year.

The local packing house closed down on Saturday at noon and the season's work is practically over.

RECORD TRAIN SHIPMENT OF CATTLE

Two trains, totalling 114 cars, left the Union Stock Yards, St. Boniface, on the morning of October 14 for Montreal and eastern markets via the Canadian National Railways. According to terminal officials of the railway, this is one of the largest, if not the largest, shipment of livestock ever made in one day from these stock yards.

"Were any of your boyish ambitions ever realized?" asked the sentimentalist.

"Yea," replied the practical person. "When my mother used to cut my hair I often wished I might be baldheaded."

POPPY DAY! SATURDAY NOVEMBER 7

9:45 p.m.—National Farm Radio Council.
Orchestral Music—"To a Hilltop" (Cox).—Arion Trio.

WHAT IS EVAPORATED MILK?

While the use of evaporated milk is general all over Canada, occasionally the query is made, "What is evaporated milk?" Evaporated milk is nothing but fresh milk from which part of the water has been removed by evaporation. (Fresh milk is 87% water.) Nothing is added to it. Nothing but water is taken from it. This concentration makes it more than twice as rich as ordinary milk. After it is thus concentrated it is put in air-tight containers, sterilized and marketed by the grocer, the manufacturer putting his brand on it, as Borden's St. Charles Milk, for example. Milk is fresh unless it has been subjected to attack by the bacteria which destroy its freshness. (Milk, when it comes from the cow, is exposed to the air and therefore subject to bacterial contamination.) In the course of time the numbers of such bacteria increase and their action on the milk destroys its freshness. When milk becomes sour it is because the lactic acid bacteria have attacked the milk in such numbers and for such time as to develop the lactic acid that makes it sour. Evaporated milk is concentrated at plants in the country within a few hours after it comes from the cow, the Borden Company, for instance, operating large condensaries at such dairy centres as Truro, N.S., Ingersoll and Norwich, Ontario, and South Sumas, B.C. The milk is put into air-tight containers and sterilized. By sterilization all bacteria are destroyed. The attack of such bacteria is absolutely stopped. No further bacteria can get into it. The sealed container brings it to the consumer as fresh and sweet as when it came to the country plants. It will keep fresh and sweet on the pantry shelf until the can is opened and, put in a cool place, will then keep sweet much longer after opening than bottled milk after it is delivered to the home.

A WORLD-FAMOUS BLIND ORGANIST

Brief Biographical Sketch Of Dr. Alfred Hollins, Who Will Visit Kelowna Next Week

For the first time in the history of the organ on the American continent, professional organizations, the National Association of Organists of the United States and the American Guild of Organists, have sponsored the tour of a great musician, an exception having been made in the case of Dr. Alfred Hollins, England's famous blind organist and composer, and it will be more than gratifying to music lovers in this city to know that this celebrated artist will be heard here next Thursday, Nov. 5th, in the United Church.

Dr. Hollins is one of the world's greatest living musical celebrities and has had a marvellous career. Born at Hull, England, in 1865, he has never known the pleasure of sight. This misfortune, however, was not permitted by him to darken the earnest purpose of his life. At a very early age, that of six years, he determined to be a musician, and, endowed by nature with that rare gift of a "perfect pitch," young Hollins began the study of the organ at the Wilberforce Institution for the Blind. Six years later he entered the Royal Normal College for the Blind at Upper Norwood and added the piano to his studies. Afterwards the famous Dr. E. J. Hopkins took him as an organ pupil. So rapid was his progress that at the age of sixteen he played before Queen Victoria at Windsor Castle. At nineteen came his first professional appointment as organist of St. John's Church, Redhill. Soon afterwards, secure in his position as one of the world's leading organists, he began a series of concert tours, which eventually took him round the globe.

In 1886 Dr. Hollins came to America with a quartette of performers from the Royal College of Music and his attainments as a pianist and organist made a deep impression in all the leading cities. More study, this time in Germany, followed, and in 1888 his second American tour was made with gratifying success. Nine years followed during which he held the position of professor of organ and piano at the Royal Normal College. Then came three tours in South Africa and other parts in Australia and New Zealand, his recitals on the famous organ in the Sydney Town Hall being historical events. In addition, he repeatedly toured the British Isles. Since 1897 he has been organist of the United Free Church of St. George's, Edinburgh.

In 1922 Dr. Hollins received the degree of Doctor of Music from the University of Edinburgh. As a composer he is very widely known for his altogether charming compositions for organ, piano, voice and orchestra. His chief characteristic as an organist is buoyancy, marked with a marvellous gift of extemporization, both unusual accomplishments even among noted players of that instrument, and his improvisations are delightful. Therefore the pleasure of hearing this renowned musician will be one that few in this city will be able to afford to miss. All ticket holders for this coming event are specially requested to be in their seats not later than 8 o'clock sharp, as it will be impossible for the church officials to guarantee their receiving seats after that hour. The doors will open at 7:30 and the recital will commence at 8:15.

CHURCH NOTICES

ST. MICHAEL & ALL ANGELS. Nov. 1st, All Saints' Day; 8 a.m., Holy Communion; 9:45 a.m., Soldiers of the Cross; 10:30, Matins (Read); 11 a.m., Choral Eucharist and sermon; 2:45 p.m., Children's Service; 7:30, Festival Evensong and sermon.

FOOD FOR YOUR TREES

WE ARE BRINGING INTO THE VALLEY CARLOTS OF

Agricultural Lime Superphosphate of Lime O. K. Organic Fertilizer

We believe that a number of the orchards in this district require fertilizers, in the worst way, and we would bring to the attention of the growers the O. K. ORGANIC FERTILIZER, which consists of Blood, Bone and Murate of Potash. This is practically the same as Clark's celebrated Orchard Dressing, which has been so successful in the Wenatchee Valley.

The consensus of opinion among experts is that there is nothing to equal Organic Fertilizer together with a percentage of Murate of Potash. We would strongly recommend the growers to advise us of their requirements and to take delivery from the cars in order to get the best prices obtainable.

All Mutual Profits go back to the Participating Policyholders

This Company Offers You Life Insurance at Cost

DO you understand the difference between a Mutual Life insurance company and the ordinary insurance company?

The Mutual Company is organized to give insurance to its policyholders at the cost of carrying on the business. The only members of the company are the policyholders. They lend each other mutual financial support, and no charge is made for this mutual service except to cover actual cost of operation.

The Mutual Life of Canada grew up in this country from a sound if modest foundation of 500 members fifty-five years ago. Today it is one of the strong, stable institutions of Canada, with assurances amounting to more than \$295,000,000. The Mutual Life of Canada is the only strictly Canadian Company in Canada offering life insurance at cost.

LARGE INCREASE IN C.N.R. EARNINGS

The gross earnings of the Canadian National Railway for the week ending October 7, 1925, were \$5,788,613 as compared with \$4,882,363 for the same period of 1924, an increase of \$906,250, or 19 per cent.

THE PRAIRIE
FRUIT MARKET
BULLETIN

Current Prices And Market Conditions
(From the weekly Bulletin issued by
J. A. Grant, Fruit Markets Commis-
sioner, Calgary.)

Calgary, Oct. 24, 1925.

The Week In Calgary
Weather conditions are improving, but threshing operations are not yet general. The outlook, however, points to a general resumption shortly. Frost damage has taken a considerable toll of Northern Alberta potatoes, but the damage to the Southern crop is not yet established and is not expected to be of any great extent. B.C. Ashcroft Nette Gem, Canada B, are quoted wholesale at \$40 to \$43 per ton. Alberta Whites, Canada B, \$26 to \$28 per ton. Onion prices are getting back to more stable figures and the run of cheap stock is about over. Prices for good stock, Standard grade, are now quoted at from \$35 to \$40 per ton. Bulk apples are still very much in evidence, and crated stock, Wagner, Spy and Jonathans, are selling fairly freely, but Spies offered in flour sacks are finding very little sale except at very low prices on account of bruised condition. A car of McIntosh, Jonathan and Snow, from Grand Forks, containing about 90 per cent of sizes 163 and smaller met with considerable trouble before it was finally accepted. Supplies of housewife tomatoes are small and prices are rising. Local growers are asking \$4.00 per crate.

Calgary Wholesale Prices

B.C. Apples—	
Wealthy, Fancy, \$2.00 to	2.10
McIntosh	2.50
In crates, \$1.65 to	1.75
Jonathan, Fancy	2.10
In crates	1.50

B.C. Celery, per lb., in sacks	2.00
B.C. Sweet Potatoes, per lb., in sacks	0.08
Wash. Pears, Bartlett, Fancy, box	3.75
ditto C grade	3.50
Spanish Onions, in crates, large	6.50
ditto small	2.50

Car Arrivals, October 15-21
From B.C.—14 apples, 6 onions, 2 fruits, 1 fruit and vegetables, 1 apples and onions. From Alberta—1 potatoes. From Ontario—1 grapes. From Washington—1 pears.

Edmonton

EDMONTON, October 22.—After a spell of cloudy, but mild weather, we received a deluge of rain on Wednesday, and within a few hours of starting roads outside the city were practically impassable.
This week a few Italian prunes arrived in four baskets. These were on the ripe side, but made \$1.50; also a few Hyslop crabs arrived in one of the cars. These are being quoted at \$2.00. The market conditions must again be reported slow.
B.C. Delicious, Fey, box

Car arrivals from Oct. 15 to 21:
From B.C.—14 apples, 6 onions, 2 fruits, 1 fruit and vegetables, 1 apples and onions. From Alberta—1 potatoes. From Ontario—1 grapes. From Washington—1 pears.

Saskatoon

SASKATOON, October 21.—Weather conditions are unfavourable on account of rain. The movement of B.C. apples has been very slow this week. Prices are considerably lower than last week.
Apples, McIntosh, few left at

Moose Jaw
MOOSE JAW, Oct. 21.—The weather generally remains unsettled, but there has been an improvement locally in some of the districts in Moose Jaw territory with the result that business has picked up to a certain extent at this point. The temperature has been much milder the last two or three days, but yesterday it started to rain and the rain has kept up intermittently ever since.

Old-timers in this country say they have never experienced a fall before with weather like we are having this year, and unless it becomes settled in the near future the situation will become serious. While business has improved considerably, it is still far from what it should be at this season of the year.

Prices for the week were as follows:
Peaches, Krummel

Swift Current
SWIFT CURRENT, Oct. 21.—Threshing is still delayed throughout this district on account of bad weather. If moisture at this time of year will be of any help to next year's crop, there should be at least sixty bushels to the acre throughout the district.

Car arrivals from October 15 to 22:
1 car B.C. apples; 1 car B.C. onions; 1 car Ont. apples; bush. hampers; 2 cars winter apples to country points; 2 cars Ont. grapes.
Wholesale prices:
Apples, B.C., McIntosh, Fancy, box

Regina
REGINA, Oct. 21.—Weather conditions have remained very adverse to farming activities and therefore also to business throughout the country. The last two days have been better, the weather apparently clearing, and threshing operations have been resumed, but this afternoon it is cloudy again with a slight drizzle.
Most activity is shown in the movement of local and Manitoba potatoes, cabbage, and other vegetables. The bad weather conditions of the past few weeks are hurrying the movement and marketing of these products. There is little activity in apples. Ontario growers are looking to the prairies for a market for their crop, which is large and of good quality, though somewhat lacking in colour as yet.
B.C. Tomatoes, H.H., 4-bskt. crates, \$4.00 to

B.C. Cukes, H.H., doz., \$2.50 to

Winnipeg
WINNIPEG, Oct. 21.—Weather conditions this past week have been such that the fruit trade has been considerably slowed up, business being only fair. Large stocks of B.C. crate apples are still in warehouses here and moving slowly. Ontario hampers and apples in bulk from both Ontario and B.C. having to be disposed of before crates will move freely. All of these of course stop the movement of wrapped stock. The potato market is extremely active, American buyers snapping up all potatoes available in Manitoba at prices ranging from \$1.10 to \$1.25 per cwt., and it looks as though potato prices would go higher.

Car arrivals for the past week:
From Ontario—Apples, 4 bulk, 12 bushel baskets, 3 boxes, 3 barrels, 3 grapes, 3 mixed fruit. From B.C.—44 apples, 15 onions, 1 potatoes, 2 celery. From Manitoba—28 potatoes, 1 onions, 1 vegetables. Imported—2 onions, 1 tomatoes, 1 lettuce, 1 grapes, 1 pears.

Apples, McIntosh, Ex. Fancy

POPPY DAY!
SATURDAY
NOVEMBER 7
The newly elected Lord Mayor of London, who will hold the celebrated Lord Mayor's show as usual on November 3 this year.
Reds as the leading seller. A very large part of the movement is in bulk packages.
A few packages of field tomatoes have been imported from the U.S.A. This would indicate that holdings of the local product are now exhausted.
The potato market is somewhat firmer than a week ago, although buying as yet is very light. There is still considerable trouble over grade with the buyers at this end, and in one instance during the last week the broker withdrew the carlots from sale and placed them in storage. If what appeared to be a technical fault. If brokers generally would take a similar stand, a good deal of trouble would be avoided.
The onion market also shows signs of firming, but the presence of large local holdings makes a speedy recovery improbable.
The following produce was imported at Vancouver during the week ending October 20, 1925:
Apples, Wash., 3 boxes; pomegranates, Cal., 150 boxes; persimmons, Cal., 70 boxes; grapes, Cal., 3891 lugs; oranges, Cal., 800 cases; lemons, Cal., 430 cases; grapefruit, Cal., 462 cases; grapefruit, Isle of Pines, 367 cases; bananas, 2821 bunches; cantaloupes, 79 crates; Honeydews, 25 crates; Persians, 12 crates; Casabas, 3 crates; watermelons, 1 crate; peppers, 76 crates; artichokes, Cal., 3 pkgs.; olives, Cal., 5 lugs; Brussels Sprouts, Cal., 5 drums.

JOINING THE OCEANS WITH BANDS OF STEEL
There will only be one more issue of the Markets Bulletin for this season.

"The Iron Horse" Depicts The Heroic Epic Of Pioneer Railway Construction
"Lo! the iron horse!" exclaimed Sitting Bull, the famous war chief of the Sioux Indians, when he saw the first locomotive steaming across the plains, and the title thus bestowed upon it has become a synonym for the puffing monster that pulls the long strings of cars. Hence its fitness as a title for the great screen epic which depicts the race between the Central Pacific and Union Pacific Railways for mileage, land grants and bonuses in connection with construction of the first transcontinental railway during and after the American Civil War.

The story blends in just the right proportions elements of comedy, pathos, historical interest and romance. It never drags for a minute, and the interest is sustained to the end.
One of the most dramatic scenes during the actual construction, and now in the picture, was the laying of ten miles of track in a day, which still stands as the world's record.
William M. Thayer's "Marvels of the New West" contains the following account of the scene which has been so faithfully reproduced on the screen: "Four miles west of Promontory Point, Utah, is a signboard on which is inscribed:
"TEN MILES IN ONE DAY"
"Ten miles further west is another board bearing the same inscription and the explanation—the track between those two sign-boards was laid in one day—more track than was ever laid in a day before or since.
"The cause of this extra effort was the rivalry between the Central Pacific working gang west of Promontory and the Union Pacific working force east of that point. The Central gang boasted that they could lay more track in a day than the Union. The Union track layers accepted the challenge and laid six miles in one day. Then the Central gang announced that they would lay ten miles of track in one day, which the officers of the Union declared could not be done. Vice-President Durant bet \$10,000 that it could not be done, Charles Crocker of the Central Pacific taking the other end of the wager.
"The Central men proposed to establish their claim on the twenty-ninth day of April, 1869, when they laid only fourteen miles of track to be laid to connect with the Union Pacific at Promontory Point. Every necessary arrangement was made and on the appointed day, in the presence of the officers of the road and a committee from the Union, the work was accomplished. "When the car loaded with rails came to the end of the track, the two centre rails on either side were seized with iron nippers, hauled forward off the car and laid on the ties by four men who attended exclusively to this. Over these rails the car was pushed forward and the process repeated. Behind the men came a gang of men who half drove the spikes and screwed on the fish plates. At a short interval behind these came a gang of Chinamen who drove home the spikes already inserted and added the rest. Behind these came a second squad of Chinamen, two deep on each side of the track. The inner men had shovels, the outer ones picks. Together they ballasted the track.
"The average rate of speed at which all these processes were carried on was one minute and forty-seven and one-half seconds to every 240 feet of track laid down. Those unacquainted with the enormous amount of material required to build ten miles of railroad can learn something from the following figures: it requires 25,800 cross-ties, 3,320 iron rails, 55,000 spikes, 7,040 fish plates, and 14,080 bolts, the whole weighing 4,362,000 pounds."
J. Farrell MacDonald plays the role of "Corporal Casey," the section boss

who drove the men on to win this colourful race. The whole scene is enacted step by step in "The Iron Horse" and is but one of its many scenes of enthralling interest.

The engines which appear in the play were the original ones used by the Central Pacific and Union Pacific during construction of the first transcontinental railway. In addition to lending the old engines and the original cars, the railroads gave further assistance in research work by discovering photographs of the meeting of the rails from east and west at Promontory Point, on May 10, 1869. Depicted true to detail, the historic features of the film are enhanced with a thread of romance which, interwoven with the manifold fabric of grim tragedy, pathos and humour, concludes with a wedding when the rails meet.

The cast is an exceptionally powerful and able one, and the picture has been hailed with enthusiasm wherever presented, so that the opportunity should not be missed of seeing it during its three-day presentation here.

NOT A SINGLE CROP FAILURE IN MANITOBA

Not one crop failure in the Province of Manitoba is the report of the Provincial Department of Agriculture, recently given out. Threshing results are satisfactory and a generally optimistic tone prevails. Averages per acre from sixty-one reports received show wheat yielding 19½ bushels; oats, 44 bushels; barley, 32 bushels; flax, 12 bushels; rye, 19½ bushels. These are higher in every case than the final averages for the past ten years. Potatoes promise a good crop, and pumpkins are better than in years.

THE CORPORATION OF THE CITY OF KELOWNA
DISCHARGE OF FIREARMS

Warning is hereby given that the discharge of firearms within the City Limits is prohibited by the Fire Arms Regulation By-Law, which provides a penalty of \$50.00 for each infraction thereof.

AUCTION SALE

Having received instructions from Mrs. Drysdale, I will sell without reserve at her residence, Bernard Avenue, on Thursday, November 5th at 2 p.m., a lot of very fine Furniture and much of it antique.
1 Bell Piano, walnut case, very fine tone.
1 antique inlaid black ebony Music Cabinet.
2 black bronze Statues.
1 Grandfather Clock, mahogany case, very old, good condition.
Antique Italian walnut Card Table.
1 black walnut upholstered parlour Suite.
Several odd Chairs.
A lot of Popular Fiction.
Several sets of standard authors.
Solid black walnut Dining Room Furniture.
1 Axminster Rug, 9 x 15, in good condition.
Several other Axminster Rugs.
Portieres, Table Covers, etc.
1 Cedar Chest. 2 brass Twin Beds, 1 Springs and Mattresses.
Dressers.
White iron Bedstead, Mattress and Spring.
Brig-a-brac. Vases. Fancy China, etc.
15-day Office Clock.
1 electric Washing Machine (nearly new).
2 Laundry Tubs, galvanized.
Boiler, etc.
Enamel lined Refrigerator.
A large quantity of Kitchen Utensils. Crockery, Glassware, etc.
A large lot of very fine Carpenter's Tools.
All kinds of Garden Tools.
Preserve Jars. Kitchen Table & Chairs.
A lot of articles too numerous to mention.
Do not miss this sale as goods are all high class and must be sold, as owner is leaving Kelowna.
Sale at 2 p.m.

SPORT ITEMS

(NOTE.—Mr. J. G. McKay, who acts as our sports correspondent, had to make a quick trip to the Coast on Sunday to attend to business matters, and unfortunately none of his material, including a report of the basketball matches on Saturday night, is available this week. Hence little more than the scores in the games can be given.)

BASKETBALL

Revelstoke Wins Two Games To Kelowna's One

The hardy mountaineers from Revelstoke came, saw and conquered on Saturday night, ploughing their way through eighteen inches of snow in Eagle Valley to do so. They took the honours in the Intermediate and Senior "B" matches, and it was only through the sterling play of the Kelowna ladies that a clean sweep was averted.

The Scout Hall was well filled, and the interest shown in the opening fixture of the season augurs well for the popularity of the indoor game during the winter.

Kelowna hopes ran high when the local Senior Girls won the first game of the evening from the Revelstoke girls, after a close and well-fought struggle, by 14 points to 8, but the other two games were lost by the home teams, Revelstoke taking the Intermediate match by 26 to 11 and the Senior "B" by 36 to 20. Kelowna led at half-time in the Senior "B" event by 15-14, but Revelstoke put on a great spurt in the last few minutes and won out. Pradolini, of Revelstoke, was the bright particular star of the evening.

LIBERALS HOLD FINAL RALLY OF CAMPAIGN

(Continued from page 1)

servatives were always quoting the United States as a country which had prospered in recent years owing to the adoption of a very high protective tariff, but affairs were by no means as rosy there as might be imagined, a fact which could be surmised owing to the largest American labour organizations having recently petitioned Congress to lower the tariff.

After going fully into the various anti-dumping policies adopted at various times, Dr. MacDonald claimed that none had ever been effective in protecting Canadian fruit growers till power had been placed by the Liberal Government in the hands of the Minister of Customs, enabling him to put the anti-dumping clause in the Customs Act into effect. Up to that time fruit growers had had no real practical protection. On the other hand Conservatives had thought of anti-dumping enactments only as a means of protecting manufacturers. He, the speaker, was of the opinion that the cold storage facilities in Kelowna, which had been provided by the present Liberal administration, were of more value to the people of the valley than any policy adopted or advocated by the Conservative party. (Applause.)

Dr. MacDonald wound up a well-worded speech by putting in a strong plea to all present to support Col. Edgett, the Liberal candidate, who, as a neighbour of his own and a citizen of the country, had always proved himself to be a man willing to give his services to others, a man, who, if elected, would measure up to the responsibilities his position as member of parliament entailed. It was quite impossible, he thought, for the Conservative party to attain office again, which was another argument in favour of sending a supporter of Premier Mackenzie King to Ottawa. (Applause.)

Mayor Sutherland Resents By-Election Falshoods

In introducing the Attorney-General, Mayor Sutherland commented on untruthful statements made concerning himself at the last by-election, stating that, though he had kept these matters from his mind as much as possible he was sorry to have to note that the Conservatives were by no means repentant for having issued statements regarding him, the untruth of which was obvious. He was glad to be able to think that no one could point to anything he had himself said during the campaign when he had been the Liberal candidate which had not been absolutely true to fact, and that he could leave the field to others feeling that there was no stain on either his integrity or honour. One statement made by his opponents after the election was over he could never forget, that "through his agents he had tried to bribe the good people of Penticton."

The Attorney-General

The Attorney-General, who delivered a very forceful address, began his remarks by observing that the Federal contest being waged was the most important one ever held in Canada. All kinds of efforts had been made to befog the issue of the campaign, but these should be fairly clear to people who studied public events and the policies advocated by the leaders of the chief political parties. It was quite easy, in fact, to follow the records of both political chiefs. Further, it was possible for anyone to reflect on the general results of the four years of Liberal administration and contrast the effects of the policy pursued by Premier Mackenzie King with the achievements of his predecessor. The Conservatives, when in office, had looked on the emigration of Canadians to the United States as a natural thing, had not, in fact, expected that it could be stopped in any way. Yet now they were bringing this matter up in such a way as to place the whole blame on the Liberal administration. As a matter of fact when a Tory government held office there were "bread lines" in many cities of Canada. It was no argument to state that a high protective tariff would prevent people from leaving the Dominion, these emigrations from the United States to Canada and from the Dominion to the neighbouring republic being governed by economic conditions in each country which had nothing whatever to do with tariffs. The prosperity which had existed in the

United States had been due to the accumulation of wealth during the war at a time when Canada, in common with other portions of the Empire, had been sacrificing all and piling up war debts. During the Borden administration the ordinary expenditures of the Dominion, though the war was on in full swing. On the other hand, bonds had been issued which were not taxable, and altogether the country's finances had been poorly attended to and in such a way that ultimately the burden of paying for the carrying of the war had been placed on the shoulders of the poorer classes. (Applause.) The Mackenzie King government when taking over the reins of office had found that the Dominion had accumulated immense debts and wise financing since then had resulted in getting great reductions made. (Applause.)

Mr. Manson next traced the history of the various lines which now form the Canadian National Railway, remarking that Mr. Meighen, when Premier had handed ten million dollars to the promoters of the Canadian Northern, when the stock of that company was "B" material, and it was only through the sterling play of the Kelowna ladies that a clean sweep was averted.

The Canadian National and the present government took hold of it that class railroad man in charge of it that the operating expenses of that system had been met out of traffic. In fact the Liberal administration had been a thoroughly businesslike one all round, and was shown by the fact that it had reduced the national debt, lowered taxation and increased trade.

Touching on the Premier's policy of reforming the Senate, Mr. Manson observed that that body had often acted purely and simply in the interests of the Canadian Pacific Railway, as was shown by the Senate trying to kill the bills brought down and passed by the House of Commons, which were intended to finance the construction of a transcontinental railway to pay dividends and secure its proper share of traffic unless feeders were provided for it, and the Liberal policy was one which would enable both the C.P.R. and C.N.R. to secure the traffic naturally belonging to each of them and to give both lines fair play.

Reverting to the matter of emigration from Canada, the speaker pointed out that all figures quoted on that subject by Conservatives were those issued by United States officials, who did not differentiate between tourists and real immigrants. The truth was that these figures were entirely misleading. Last year no less than fifty-two thousand Canadians returned to their homeland from the United States. Did any Conservative ever allude to that fact?

Once more speaking on the tariff issue, the Attorney-General stated that no magic results could be secured by the Dominion placing a high protective tariff on all imports. Canada could be divided into five regions, each of which took a different view on the tariff question for the simple reason that each of these regions had different geographical and industrial conditions. What would the ordinary man in the audience do if occupying the Premier's chair and

petitions came in from various portions of the Dominion, some asking that the tariff be raised, others that it be lowered, still others that it be abolished altogether? He would do what Mr. Mackenzie King had done—adopt a middle course, one which worked no particular hardship on any part of Canada or his fellow citizens. The fact could not be lost sight of that in the Middle-West of the Dominion some two and a half million people were opposed to a great country and that these people were nearly all freetraders. (Applause.) Would it be right to totally oppose the wishes of such a large portion of the people? The truth was that any statesman would weigh the various interests of all parts of the Dominion and strive to place as little burden on each as possible and at the same time not neglect to foster industrial life. (Applause.) The policy the Mackenzie King government had adopted had helped all and injured none. Not only that but it had placed Canada fifth in the list of exporting countries of the world. (Applause.)

After commenting on the Atlantic shipping combine and stating that the Premier had done his best to solve the question of stopping it and incidentally remarking that Mr. Meighen, when in office, had had the same opportunity of dealing with the combine and had neglected to seize it, the Attorney-General spoke briefly on the Canada Temperance Act. The liquor export houses in B. C. had not been in any way under his control, he stated, and no less than three times the Senate had stopped legislation preventing this shipping of liquor into the States. He, personally, had offered to do anything which would help to keep the good name of B. C. intact and stop the shipping of liquor into a friendly country in which any kind of strong drink was not wanted, but each time he had tried to get legislation enacted which would stop this disgraceful trade the Senate had come to the rescue of the exporters. Apart from Sir George Foster, not one member of that body had helped to stop this illicit commerce. The Premier had said that if returned to office he would reform the Senate, and this he intended to do by appointing Senators who would themselves be pledged to vote for Senate reform.

Mr. Manson closed a lengthy speech by an eloquent appeal to all present to vote for a government which had by its trade policy helped to cement various portions of the Empire together, which had so increased the foreign commerce of the Dominion that the Canadian dollar, for many years below par, was now at a premium in New York, and which by its policies had benefited the West. He considered that there should be no hesitation on the part of the citizens of Kelowna to cast their votes for Col. Edgett and thus show their appreciation of the benefits the West was receiving and would in future receive from the carrying out of the policies the Premier had outlined and which had already placed British Columbia in a much better position than the province had ever occupied before. (Applause and cheers.)

The meeting was concluded by the singing of the National Anthem.

BULGARIAN PREMIER'S BROTHER IS MURDERED

VIENNA, Oct. 29.—Danzo Tzankoff, brother of Premier Alexander Tzankoff of Bulgaria has been shot and killed in Sofia while walking on the street. Despatches from Sofia describe the motive for the crime as unascertained. The slayer escaped. Tzankoff was walking with his wife and sister-in-law when shot.

NOTICE TO HUNTERS!

Hen Pheasants are closed in Kelowna for the remainder of season.

OUT OF RANGE?
Not for Imperial. Did you see that one curl up? A lone mallard—wasn't interested in our decoys at all—but that Imperial long range fetched him. He must have been 80 yards from the blind. **\$1.30-\$1.40**

LAND REGISTRY ACT (Section 160)

IN THE MATTER OF Lot 7, Block 4, Map 286, Osoyoos Division of Yale District (Municipality of Glenmore).

PROOF having been filed in my office of the loss of Certificate of Title No. 30546 F, to the above mentioned lands in the name of Marion Elizabeth Bacon and bearing date the 23rd March, 1922. I HEREBY GIVE NOTICE of my intention at the expiration of one calendar month from the first publication hereof to issue to said Marion Elizabeth Bacon a provisional Certificate of Title in lieu of such lost certificate. Any person having any information with reference to such lost Certificate of Title is requested to communicate with the undersigned.

DATED at the Land Registry Office, Kamloops, B. C., this 12th day of October, 1925.

E. S. STOKES, Registrar.

Date of first publication, 15th October, 1925. Land Registry Office.

The Fraser Valley on both sides of the river from salt water to Yale will shortly become what is officially termed "a restricted area for the eradication of bovine tuberculosis" if plans, which seem to have universal approval, mature. The consent of the Dominion Department of Agriculture has been obtained to this proposal.
